

Get to know your PACE physician

Loan Pham, MD

InnovAge Colorado PACE
(Program of All-inclusive Care for the Elderly)

"I take pleasure in working at PACE and establishing long-term relationships with participants. I have the satisfaction of seeing their appreciation for life, learning from their wisdom and listening to the best stories of days gone by."

— Loan Pham

A central value in PACE care is supporting participants so they can maintain their independence for as long as possible. As a physician practicing for 17 years, this philosophy is something Dr. Pham believes in, because she has seen the difference the PACE program has made in the lives of those she serves.

Dr. Pham is board certified in Internal Medicine and has an interest in Geriatrics. She received her Doctor of Medicine (MD) from the University of Iowa College of Medicine in Iowa City, and completed her internship and residency at Penn State Milton S. Hershey Medical Center in Hershey, Pennsylvania.

Dr. Pham grew up in Vietnam, came to the U.S. as a teenager and lived with a foster family in Iowa. Married now and a mother of twins, she is learning to play guitar and sings in her church choir.
